

## **Silicon Turnkey Solutions (STS) will be exhibiting at the GOMACTech 2015 conference in St. Louis, MO on March 23-26.**

STS will share details on FPGA Up-Screening processes and procedures, along with ability to do full qualification and testing of many different technologies, including CMOS, RF, GaN and more.

STS's IP Vaulting solution assures customers they are getting 100% original IP quality parts. The Certified Enhanced Devices (CED) program provides customers with the product required that has been rigorously qualified for more demanding usage.

## **Silicon Turnkey Solutions, the Trusted Supplier for your Mission Critical Applications**

Please visit us at booth #321 in the GOMACTech exhibit hall.
